KEYMACRO is a software plugin for KORG iOS devices to synchronize MIDI instruments. KEYMACRO is basically a virtual keyboard for the iPhone. Using KEYMACRO you can control your MIDI devices with various instruments, drums, voices, and more. Moreover, using the "Chord FX" feature you can easily compose musical chord and melodies with ease. KEYMACRO is a rich software plugin, which includes many instruments and effects and over 3000 arrangements. KEYMACRO includes prearranged chord and melody templates, which you can use to compose chords and melodies. You can also arrange and store your own pre-arranged chords and melodies, if you like. Many free pre-arranged chord and melody templates are available for free. If you like, you can also download the templates in your music library. from the App Store Category: Music Download TSEKS from the App Store Category: Productivity DOWNLOAD Category: Productivity Download i-Direx for iTunes from the App Store Category: Productivity Category: Productivity DOWNLOAD Category: Productivity DOWNLOAD 70238732e0
