A: If you just want to install the latest version of the software without changing the version you have already installed, you can download the.zip file and extract the installer.exe file to C:\ without installing any of the other software it requires. If you have already installed the software and want to activate it, the following instructions are to be used: 1) Download the xforce_ART-CAM_2017-d0.bin installer file. 2) Install the software. 3) Run the program. 4) Choose the language (if necessary). 5) Check the box to activate the software. 6) Click on 'Activate'. 7) Click on 'Finish'. 8) In the menu select 'Programs' and then 'Activate all'. 9) Select 'Start' and 'Finish'. 10) Restart the computer.
