

gaetzan 7b17bfd26b Â· Reply Â· lylimand says: 16 February 2022, 10:43 pm. I have only one suggestion, in order to have more matches in the world, you need to do matchmaking based on your games. And I already said, but I will repeat. No matter how hard you try, for now, players can play with players. But not with bots. When the bots will play with the players. This will be very difficult, because basically the bots simply do not understand who is playing against them. Yes, now I just throw one player at one, because I want to play with him. I will not play with him, I throw him at another player.
