Yahoo & Windows Messenger vs MSN & Windows Messenger: Is there a reason to use both? MSN & Windows Messenger have been there since the beginning of the internet. They have been at the top of the pack for quite a while. Yahoo & Windows Messenger is new, and it is trying to grab some of that MSN & Windows Messenger market share. Why use both, when one is not required? The answer is very simple. In short, Yahoo & Windows Messenger's ultimate goal is to be "The Next Microsoft." Well, Yahoo & Windows Messenger, you have your work cut out for you. That is an interesting goal. While, Microsoft's ultimate goal is to "Be the Next Microsoft." Yahoo & Windows Messenger vs MSN & Windows Messenger: Service and Updates Yahoo & Windows Messenger does not have updates to Microsoft's operating system, and is very limited when it comes to service and support. MSN & Windows Messenger has a history of providing an excellent service to its customers, and is a growing business. Yahoo & Windows Messenger vs MSN & Windows Messenger: Pricing and Licensing MSN & Windows Messenger will probably be free, and will most likely have multiple levels of service and support, and licensing. Yahoo & Windows Messenger will have a user friendly interface
