o EMBED THEICONS WITH YOUR DESKTOP o DROP THEICONS ONTO DOCK APPLICATIONS Hello, I have a problem, I'm trying to install some more icons from the lastest release of this Icon Pack. I can't use the "Pin to Desktop" option in the Finder, I get the error message "Safari does not have permission to add items to the folder /Users/me/Library/Desktop". This also happens when I'm trying to open the Icon in the default Image Viewer. If I try to install the icons by using the PSD icons I can't see any icons and all the icons are just white. Now, the PSD are fine, when I copy them to my computer and I try to open them. Any help would be appreciated.
