Saturday, March 21, 2009 I don't know what to do with myself...I'm so bored, I think I'll take up embroidery...(found this on the net and thought I'd give it a go) Adnan is the captain of his school cricket team. He says he's not really very good with a bat, but he can bowl a lot faster than his opponents! He manages to hit the stumps with a very high speed. His opponent is none other than the captain of the neighbouring school, Israr. Israr has a way better batting technique. The game soon gets ugly and so does the weather. Israr tries to get Adnan out by bowling short. Just when Israr is in a position to win this cat and mouse game, Adnan drops his bat and asks the umpire to declare him out. "Look at those balls coming at me," he said. "I'm out!" Adnan then walks away and gets his bat back and rejoins his fellow cricketers. The game resumes and Israr's pace reduces. The next ball he delivers is in the direction of Adnan who has no idea where the ball is heading. There is a loud thud and Adnan's glove is flying into the air. Israr has thrown the ball at Adnan's legs. "That was my most powerful shot," said Israr as he gloats at Adnan who is crying on the ground. The game is called off immediately and Israr, the captain of the neighbouring school, wins the game. "Come on Adnan, cheer up," says Israr. "Maybe the next time I send the ball at your legs, it won't hit your glove and you'll be out!" Tina Foster was best friends with her sister, Holly, until the day Holly started to hang out with a group of girls. Holly told Tina that her new friends were mean and mean girls. What did Tina do? She got them all into trouble! Puddin- I like this one and I had to check out the story to see how it turned out, it sounded like a great story. Picture Book - I have to admit I do like this book a lot. I have to wait for the paperback but I love the illustrations. They just pop up out of the pages and capture your heart. My app is to collect all the photos taken by my iphone. i have installed MBPro photo manager and i want to save all the albums in MBPro to my android. is it possible? or should i use third party photo management apps? A: MBPro is not a photo app, it is a photo manager. Use to get the data from the photos in the app [Surgical treatment of gastroduodenal reflux in ulcer patients with reflux gastritis]. Our study included 16 patients (ten men and six women) who had undergone surgical treatment for recurrent ulcer disease and reflux gastritis. In three patients the disease manifested itself clinically and endoscopically as perforative gastroduodenal ulcer. In the remaining thirteen patients reflux gastritis was diagnosed in the absence of any gastric or duodenal ulcer or other digestive tract pathology. In the early postoperative period in all the patients we found good and stable results. The mean postoperative follow-up time was 3.6 years. Despite the satisfactory postoperative outcome with exception of two patients, five of whom had necessary hospitalization in the early postoperative period, reflux gastritis persisted in the same degree in our patients as it was observed preoperatively. This observation, as well as the long-term good outcome of gastroduodenal ulcer surgery, should be an argument for the application of surgical reflux treatment in patients with complicated ulcer disease and reflux gastritis in the absence of marked endoscopic changes. 1984–85 Milton Keynes Dons season The 1984–85 season was Milton Keynes Dons' third season in the Football League.
