New Features Like FIFA 19, FIFA 22 introduces the new, 3D scanned 2018 Ball, bringing a new level of realism and a more complete motion capture experience. FIFA 22 introduces the new 2018 Ball, so players can now see an accurate representation of the actual football. The ball's new skin and surface treatment detail are used across the pitch - from the ground to the players' hands. It has a new exterior design and is the most advanced 2018 Ball in-game. FIFA 22 also introduces Pro Stabilization for the first time, which simulates the effect of the ball's movement and bounce along the pitch, as well as performance, surface friction and player behaviour. Pro Stabilization includes a new ball physics engine to create more realistic energy transfers, rotational directions and ball def

## **Fifa 22 Features Key:**

- Introducing "HyperMotion Technology," which uses motion capture data collected from real-life players playing a complete, high-intensity football match to create the most authentic-feeling season ever in the game.
- Live out your dreams as both a manager and a player thanks to a new Career Mode that has been re-imagined.
- The first season ever in FIFA history is shaped by over 400 expertly-crafted story-driven matches, including 8 international matches from around the world.
- Enjoy 22 franchise-recapture matches, bringing back all five Ultimate Team license territories to the game.
- Adjusted controls increase shot accuracy and dramatically reduce passing inertia.
- Enjoy the most intense player skill-matching ever thanks to "Freestyle Tackling", a system that reduces screen lag during last-ditch tackles and stops players decelerating after tackles.
- FIFA 22 introduces a robust ratings system for attributes, with more re-evaluation over time than previous FIFA versions.
- Includes high definition player likeness through in-game models, 3D scanned player data and motion engine capture data.
