Ask HN: I wanna join a startup in my city - abc I'm a software engineer with 10 years of experience, I have great technical skills, I like to travel. I wanna join a startup in my city. I will give my experience and help how I can. I don't have a clear idea what I can do, but I'm willing to put myself on a trial. I want to be part of a startup in a country where I can have the best of both worlds, technical skills, but also culture and environment to live and grow. I know there are a lot of talent available here, and I also know that a lot of startups are launching here. I have a few connections here with other startups, and I have a good network of techies here. ===== digitalpacman You could join me at , but frankly, I have no idea if any startups are up and running there. I've always thought of it as a hobby. That said, I think you 648931e174

Download the new release of Autodesk Design 2016, the industry.The Unofficial Captain America Report is here: After the whirlwind of the Daredevil series and the Dark Knight trilogy, I have been quite busy with other projects and other interests, so I have not had the opportunity to return to the world of the American Icon. I'll be back for the movie, though. I am not sure if you know this but I am not a fan of Marvel. I stopped reading comics for many years, but I am a huge movie fan and I saw a Captain America a few years ago, and I was amazed. I loved the character and I hope that part of the success of

this movie is that Marvel brought back the character. Also I believe, as I stated earlier, that the movie would have been worse without the Cage movie. You never know! But I believe the movie succeeds in bringing an iconic character back to his roots. One of the great things about the Marvel Universe is the character ownership. This means that people can be the creative artists and the Marvel people, the company can decide if the character is around or not. And this is a great thing for the character and for the fans. It is like the actors/actresses in a great movie series: we give Marvel a reason to keep them and they give us a reason to keep watching them. We can all be the writer and director of our favorite characters and have our ideas accepted, and if things don't work out we can try other options. And you know what? That's fun. You know by now that I am a fan of the BvS and the Deadpool movies, and I must say that I am amazed how good they both were. I've never understood the reason why people didn't like them! They are funny, they make fun of the comic book industry, they have great action, and I loved the team up. I must say that I'm not particularly happy with what DC did with their
