FIFA Career Mode FIFA Career Mode is a new way to simulate your true career as a player. The Game decides which club you can join, taking into account your abilities as well as your standing in your country's domestic league. Whether you are a young prodigy or a seasoned veteran, you'll play an important role for your new club throughout an entire season, which includes a regular league season, the playoffs and even the Europa League. Keep winning trophies to earn endorsements to raise your star rating and unlock various player attributes. All this will be enriched with a new Career Meter, which allows you to monitor your player's progress over a season. Single Match Single Match is a new mode that lets you play in one-off matches with the most authentic, realistic football feeling. The Game decides the final outcome based on the score at the end of the match, with precise control over every aspect of the game, including changes on pitch, tactics, and substitutions. Replay every moment with pro replays, which are fully customizable. New Faces FIFA is built from the ground up for 2018 with a number of completely new features, including a new female player model, new faces, and improved lighting and stadiums. "With the start of the new season, we are excited to introduce an entirely new gameplay experience to the game," said EA SPORTS Senior Producer, Dan Marshall. "Our goal was to set the bar higher for the next generation of football and our first steps show a more creative approach to football gameplay. It was important to us that a new season means a new beginning for everyone, and we hope that both our players and their clubs are excited to experience what FIFA 18 and FIFA 22 have in store for them." FIFA Ultimate Team FIFA Ultimate Team is back and better than ever, and there are more ways to build your dream team than ever before. The highly-requested Stadiums feature is now available in Ultimate Team, giving you the ability to build your own stadium and customize your favorite team. Add your favorite players from the biggest clubs around the world. Then use special cards to equip them for matches like a champion, or create your own team of players made to order. As your squad gains prestige, you can unlock more cards, while earning experience for your players. You can also take your ultimate team to the field by using custom Training Cards. FIFA is the most popular football game in the world. It is used by generations of fans, players and professionals around the world. Whether it's created by EA or another studio, using FIFA means that you're playing the game the way that millions of people play it. FIFA is a genre-defining football game. It has set the benchmark for innovation in the game for more than three decades, and FIFA 20 is just the biggest and best-looking game yet. Gameplay FIFA is the game you play with the people you play with. It's what makes it more than just a game - it's an experience. Powered by Football™ Powered by Football™ FIFA is back to being simple and fast. From simple dribble moves and one-touch passing to shot range, shape, power, headers, volleys, crosses, and interceptions, you'll find a more fluid and open-feeling experience than ever before. New Co-Op Mode - "A Fan's Journey" "A Fan's Journey" drops you into the shoes of authentic in-game fans as they experience the passion and excitement of the World Cup in a whole new way. When playing "A Fan's Journey," you'll find yourself at the centre of the action on the pitch, and will make decisions that will completely change your experience. Inside the game, you'll find "Fan Cards" scattered all over the pitch, and as you score you'll unlock more and more of the Fans' Choice teams, personalities and stadiums, including Japan, Brazil, Mexico and Germany. New Ways to Play Using new camera angles, new player types, and new skills, "A Fan's Journey" takes the gameplay to a new level, and lets you experience the World Cup in a whole new way. Core Gameplay Powered by Football™ Defenders Watch out for defenders - they can be a more unpredictable player type than strikers. Great one-on-one skills and excellent timing mean that the intelligent and deceptive defender is now a force to be reckoned with. Defenders have learned new ways to move in space, and they'll no longer be afraid to throw a man on if they're out of position. The tackling system has been overhauled to ensure that you can't get bc9d6d6daa

What's new:

- **"Pass & Score"** - In combination with new player-avatars and dribble control, the system is based on motions and moments rather than scripted animations. This allows players to subtly affect the overall gameplay style with their passing and movement.
- **New ball physics** - Now the ball reacts faster on every pass and more realistically on high-speed or low-speed aerial attacks. Every FIFA game before now has tried to resemble a real life game using 99 separate motions, and this new system is 1,000 times faster and more convincing.
- **Football Stadiums** - Revamped changes to authentic stadiums around the world means that fans will notice a bigger, more detailed and livelier environment. From the lighting at FIFA to the stadium replicas, all the environments have been improved, ready for players to create their ultimate dream atmospheres.
- **"Dynamic Player Reactions"** - The game's intelligent response system reacts to any actions a player takes on the pitch and can react even if a player has passed the ball. This changes how defenders react to attack with the player and changes the overall flow of the game.
- **"FIFA Ultimate Team"** - The revamped 'My Team' feature allows players to customize their teams with over 350 player, build and kits options, as well as real-life transfers. Such as Cristiano Ronaldo and Alex Song.
- **Carbon Rivals Seasons**
